4. Shortlisted projects go through an evaluation by a jury of three domain experts.
5. Overall impact is measured for new projects, whereas ongoing projects are evaluated on incremental improvement.
6. A peer evaluation is carried out by those doing similar projects.
7. Based on an average score the second shortlist is derived.
8. Select field research is done to evaluate the impact.
9. These projects are put to a popular vote by stakeholders.
